

Invitation to Session

“Technology, organization and management in construction projects”

As last year, in 2018 we are organizing Session “Technology, organization and management in construction projects” as part of the WMCAUS 2018 conference. The information concerning the conference is available on the website: <https://www.wmcaus.org/partners.html>. The scientific partner of the conference is Section of Construction Project Engineering of the Committee on Civil Engineering and Hydroengineering at the Polish Academy of Sciences. As in previous years, the conference papers will be included in the WoS and Scopus databases.

While registering, you need to provide the code and name of the special session according to the instructions below (you should not choose from the standard sessions but at the end of the list, in the Specific session, specify: WMCAUS-SS1: Technology, organization and management in construction projects).

1. Author(s) firstly will create an account to log in to the WMCAUS 2018 on-line system via link given below.

<http://www.wmcaus.org/registration.html>

2. Author(s) will then submit the text of their contribution using the “Abstract Submission” in the system. In abstract submission tab; firstly "Specific session [Specify title in next field]" will be selected from "Select the topic of Symposium:" menu, and Title and Code of the specific session will be written in the field titled "Title of Specific Session and Code".

Session Code and Title: WMCAUS-SS1: Technology, organization and management in construction projects

Convener: Assoc.Prof., Dr. Elżbieta Radziszewska-Zielina

With kind regards,

Elżbieta Radziszewska-Zielina
